

## Available Resources for You to Start the New Year

Did you know that we have PDF railing installation instructions on our website? Now you can pull up our instructions straight from your smartphone or print them off from your computer.

From our [website](#), select "Resources", hover over "Installation Instructions", and click on "Railing".

Here you can access installation instructions for all of our railing profiles:

- Round Top TR100
- Flat Top TR200
- Add-A-Top TR400
- Square Top TR600
- Elliptical Top TR999

If you have any questions, contact our knowledgeable customer service team.

## AS&D Updates

## IBS 2022

With the rise in COVID cases, we have decided to withdraw from the NAHB International Builders' Show, February 2022, in Orlando, Florida.

Although we won't be able to meet you face to face, we still want to work with you on your upcoming building projects.

Call our professional management team and we'll set up an online meeting to discuss your construction projects. We will review your drawings, and demonstrate how our systems can save you time and money.

**Contract Us Today**

## **We're Expanding!**

We are quickly outgrowing our current production facility in Pacific, WA. In early 2022, we will be moving to new a building down the road in Sumner, WA. We'll keep you updated as our move progresses, but in the meantime, continue to visit us in Pacific.

**Questions? Call 877-887-9828**
